Kenya was once bigger than Shatta Wale and Sarkodie combined, he was the rap heavyweight champion of Ghana. His shows was a sold-out and his top notch performance was a hot commodity. Lord Kenya released more 5 successful albums and sold as much as he could, We don't know where the money went but according to our research, Lord Kenya was heavily involved in drugs (Cocaine and Weed) and we know these drugs don't come cheap, besides it's price, once addicted, it's hard to stay away from it. Lord Kenya went dead broke, realized his mistakes and is now a pastor. Sigh! talk about bad decisions.
